

Action necessary to enable further processing of your order.

In the absence of a reply to this email your order will be cancelled within a week and the payment will be refunded.

Terms of delivery acceptance: own risk and order confirmation of patented and model-protected NPPUs.

With this email, we inform you that you cannot hold Water & Minerals Advice to account based on improper use of the NPPU and the lack of potential health claims.

Given the status of research as of October 2020 on the effectiveness and long-term safety of wearing the NPPU, we cannot claim the health benefits for the time being and do not guarantee the long-term safety by continuous wearing of the NPPU.

For the time being, it is recommended to follow the instruction of the user manual and to not wear the NPPU for more than 4 hours a day and to "wash/store" it in household vinegar at least once a week in order to reactivate the NPPU.

An update leaflet will be available directly on the www.waterandmineralsadvice.com if new research results give rise to this.

The NPPU can currently only be sold to private individuals using the NPPU as a simple "nose-insert" at their own risk.

Attached is a user manual with the instruction regarding the safe use of the NPPU based on or current knowledge.

In order to receive the paid NPPU for private use, you must agree to use the NPPU at your own risk and, you must confirm your order by replying to this email with:

Agreeing with the conditions mentioned.

Upon receipt of your **Agreement** of the terms, the order will be sent within two working days to the address indicated by you.

Or

Not agreeing to the conditions mentioned.

After receiving your **Non-Agreement** of the terms, the payment will be refunded within two weeks.

With kind regards
Michel Boesten
